Chai Tea

Indian Masala Chai Tea

You see, I see chai tea as a medicinal tea. The freshness and the quality of the herbs & spices we use are very important to me.

Here are a few reasons why our chai tastes soooo good:

- 1) It is made with REAL tea and REAL spices like cardamom, cinnamon, ginger & cloves. Nothing else.
- 2) We make each blend to order to ensure the freshness of the botanicals.
- 3) We use 100% Organic Ingredients and Fair Trade Assam, Rooibos and White Tea.
- 4) We do not use artificial or natural flavorings. We'd rather use large amounts of spices even if that increases our cost a bit more. We know that will make a REAL cup of chai.

5) The spices are blended and balanced in such a way that you will experience every flavor without any of them being overpowering.

I guess you would have to try our Chai tea to see what I am talking about. I guarantee you, you won't be disappointed.
